

RAW LINSEED OIL

SUPPORTS IMMUNITY, MOBILITY & DIGESTION

ENCOURAGES HEALTHY SKIN & SHINY HOOVES, IMPROVES COAT TEXTURE

Raw Linseed Oil is a highly palatable nutritional supplement known to control allergic reactions & inflammatory skin conditions. Improves skin condition and hair texture for a fuller shinier coat. Our Raw Linseed oil is expeller expressed by squeezing out all the goodness from flax seeds which are rich in essential Omega oils and are high in Omega 3.

DIRECTIONS FOR USE:

Can be added into your animals normal daily feed & should be introduced slowly to avoid over-feeding. Adjust the quantity to your animals individual needs. Most beneficial when fed on a regular daily basis. Store in a cool dark place and replace lid after use (sensitive to light and heat). Can be refrigerated.

DAILY DOSAGES: (Please use as a guideline only)

- Larger horses & cattle - 50-100ml per day
- High-performance horses - up to 200ml per day
- Miniatures & ponies, calves, large dogs, goats, llamas - 30-40ml
- Smaller dogs and other animals - up to 5ml

Please note that overdosing may cause diarrhoea. If diarrhoea occurs, reduce daily dosage and if symptoms persist, discontinue use for 2-3 days and then slowly reintroduce into feed
