

# STOCKHOLM TAR

AN OLD-TIME FAVOURITE HOOF TREATMENT

## APPLY TO SPLIT, CRACKED & DAMAGED HOOVES

Our Stockholm Tar is made from pure, non-toxic Pine Tar; a product which has been used since ancient times & is known for its mild antiseptic properties. Pure Pine Tar is not a charcoal based tar and does not contain carcinogenic creosote.

### ALSO SUITABLE FOR:

Sealing & protecting dehorning wounds and shearing cuts  
Applying to grafting wounds & pruning cuts in trees.  
Used as a preservative, water proofing & stain for timber sheds, fences etc, where it may be thinned with methylated spirits.  
Also used as a natural additive to animal soaps, shampoos & hoof treatments with the added benefit of combating skin irritations

### DIRECTIONS FOR USE:

Shake well before use  
Apply with a brush or cloth - it's MESSY stuff!!  
Use disposable gloves & protective clothing.  
Avoid contact with skin & eyes. Avoid breathing vapour.  
May be harmful if swallowed

FOR ANIMAL  
TREATMENT ONLY
